26th March 2020

S.O.

Dear Chief Secretary,

refer to the orders issued by Union Home Secretary dated 24 March and 25 March 2020 under the Disaster Management Act, 2005 and letter issued by Secretary, DPIIT, Government of India on 23 March 2020 regarding need for continued functioning of food industry and their suppliers (copy enclosed).

In continuation of the letter from Secretary, DPIIT, I am enclosing a list of essential food products and their inputs. Uninterrupted manufacturing of these food products is critical for maintaining supply chain and availability of food to the population. Availability of raw materials, packaging materials, movement of trucks carrying them, functioning of their warehouses and cold storages and ability of workers to come and work in the factories and warehouses needs to be ensured for maintaining food supply chain for the general population.

I request you to instruct District Collectors, Police and Transport officials to enable continued functioning of food products factories, movement of their products and inputs/raw materials and allowing workers to attend these factories.

You are also requested to nominate a Nodal Officer at the State level with whom our Ministry and industry could raise instances of supply chain disruptions for effective resolution on the field.

with best wishes,

Yours sincerely,

Pushpa
(Pushpa Subrahmanyam)
