Dear Shri Tiwari,

With the present scenario of lockdown as an effective means of combating the pandemic, many people of my State are reported to be stranded in different locations of the country. These people had travelled there for various reasons which include employment, medical intervention, pilgrimage and tourism besides other purposes.

We are in receipt of many appeals for help from these people as they are now running out of essentials including money and shelter.

Given the situation, I strongly urge you to issue necessary instructions to District Administration/ Disaster Response Teams to extend all necessary help including food, shelter and medicine besides other humanitarian assistance to those stranded in your State.

I fully appreciate the extraordinary situation all of us are going through and would very much appreciate this magnanimous gesture from your end.

I, on my part, have already instructed all District officials to extend similar help to all citizens of the Country who are stranded away from their homes in Assam.

With regards,

Yours sincerely,

(Kumar Sanjay Krishna)
